Experience

MIM Software | UI/UX Design Intern

May - Aug. 2020 Beachwood, OH

- Recreated the mobile interface of internal management system CORE index page and filter/sort feature to increase customization and user engagement.
- Designed To do list and Favorites section of CORE dashboard to help users better manage their daily tasks.
- Collaborated closely with engineers and stakeholders to design new feature of CORE that helps customer support team match incoming calls with suggested customers.

Pals with Paws | Product Designer

Sep. 2020 - Dec. 2020 Ann Arbor, MI

- Collaborated with developers and MBAs to build Pals with Paws, an animal toy connected with a tablet application, helping children from age of 6-9 to reduce screen fatigue and feeling of loneliness during virtual learning.
- Led the UX research and design process. Designed the application and product website. The product won the award for the highest-sale product among 6 teams in a virtual trade show.

University of Michigan | Instructor Assistant

Jan. 2021 - Present Ann Arbor, MI

- Supporting learning of 40+ undergraduate students of SI 320, Graphic Design class. Providing detailed individual feedback on weekly assignments and labs.

Selected Projects

BuddyFind | UX/UI Designer

Sep. 2019 - Dec. 2019 Ann Arbor, MI

- Designed a mobile application that helps people with mental health concerns to easily find pet companions and connect with people who share similar experiences.

People Planet | Design Lead

Oct. 2019 - Jan. 2020 Ann Arbor, MI

- Led a team of two developers and two designers to design an interactive game prototype that aims to increase people's awareness on climate change for CHI Game Design Competition.
